

Rob & Kimmie

Hello friend!

IT'S SO NICE TO "MEET" YOU!

Thank you for taking the time to learn about our family while you explore options for your child's future. We understand that this might be a confusing and difficult time for you. We hope you feel supported and loved throughout this journey you're on. We admire you so much for choosing life for your baby!

We want to assure you that as adoptive parents we will provide a safe, loving home filled with laughter, forgiveness, smiles, hugs & kisses, learning and growth, and Jesus. We promise to love our next child as much as we love our Amelia and help them both to love their own individual stories.

Know that we are praying for you and your sweet baby throughout your pregnancy as you grow together. We know your heart will never be the same again and we pray starting right now for God to fill you with peace in whatever decision you make.

Love,

Rob and Kimbie

Our Story

We met in 2011 when we were set up on a blind date. That date on the calendar turned out to be our fourth official date night because we had such a fantastic time talking on the phone first that we just couldn't wait to meet in person. Our mutual friends knew exactly what they were doing by matching us together!

We love dancing in the kitchen, making each other laugh, and cracking up at our daughter's antics. From opposite sides of the country, it's only by God's flawless plan that we met while both living in San Diego, CA. We were married in 2013 on a pumpkin farm in California. Since then we have lived in two other states and dream of many more travels together.

MEET
Kimmie

I grew up in San Diego, California in a happy, Catholic home of six kids and my parents. My siblings and I remain very close despite the geographical distance between us. I have always had an itch for travel and moved to Hawaii in 2006 to finish college and earn a nursing degree. I have been a nurse since 2009 and absolutely love my job! I currently work on a pediatrics floor at a local hospital. Loving on children in a time of need is my true calling. When I met Rob one of our first conversations was about having and raising kids and adoption came up. It was important to both of us and that was one of the things that drew me to him. While growing up I had always wanted to be a mom and I am so blessed to have realized this dream with the man I love. I am so excited to welcome our next child into our family.

MEET
Rob

I grew up in central New York with my parents, older sister, and adopted younger brother. I spent countless hours outside riding my bike and rough housing with my best friend next door. I enlisted in the Marine Corps after high school and have committed to a 20 year career in the Corps. I like to think that someday after the military chapter of my life I'll become a history teacher. When I met Kimmie I soon realized I had some work to do in my relationship with Jesus if I wanted to marry this girl. I also realized that we shared many of the same goals in life, adoption being one of them. It is important to us that we live our lives bringing glory to God so that we are a strong example for our children.

MEET
Amelia

Two years into our marriage, I (Kimmie) was diagnosed with PCOS. We struggled to get pregnant even with fertility treatments. Just as we were about to pursue adoption we found out I was pregnant. We welcomed our daughter Amelia “Ellie” Grace in 2016. Now she attends a local preschool with a diverse group of friends. She comes home everyday with new songs and examples of the good early education she is getting. Ellie loves her weekly tumbling class! But it doesn't stop there as she is constantly asking us, “Can I jump off that?” This strong-willed, sassy girl loves all the girly things but will wrestle with Daddy and race the neighborhood boys all evening long. When asked what makes her happy she answers with, “Jesus.” If there was ever anything that made us proud of our parenting it's this answer from her. We pray for Amelia and our future child daily and hope that they will grow up kind and loving to everyone they meet.

OUR DOG

Our lab-shepherd mix, Dazie, loves her family immensely. She won't let more than a few hours go by without asking for some snuggles. She'll put up with anything from her human sister, and accepts under-the-table crumbs as payment for all the shenanigans. She follows us upstairs every night to sit nearby during bedtime stories. She is gentle and loving, she enjoys sunshine and naps, and naps in the sunshine.

OUR ADVENTURES

In 2019 we made a commitment to have more experiences and less stuff. Going new places and trying new things wasn't always easy for us growing up in big families so we want these exact things for our children.

OUR HOME & COMMUNITY

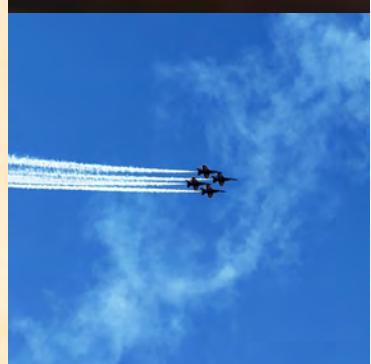

We live in Florida and we love where we live! Our home has a big kitchen for Amelia to cook with Daddy and bake with Nana. We have both a front and back yard with plenty of room to run and play. One of our favorite things to do is to set up the water toys on a hot day. We often share dinner with our neighbors. I (Kimmie) dream of being a plant lady so I love to fill our window sills and sunny spots with some greenery. Rob and I both love decorating for Christmas and he wastes no time getting the lights up outside! Last year we even decorated Amelia's playhouse. In the future we plan to send our children to a local private Christian school or home school. Education is important to us both and we want our children to have a strong start with unwavering support no matter where life takes us.

Since we love to be outside we take full advantage of the beaches and parks that are just a walk or bike ride away. Find us a playground and we'll likely be there until sundown. On hot summer days we love going to the pool and the splash pad.

LIFE LOVE FAMILY

"FOR THE LORD YOUR GOD IS WITH YOU WHEREVER YOU GO" JOSHUA 1:9

Thank you!

Thank you for getting to know us and considering us to be the parents of your child. We will never forget the sacrifice you have made.

We want you to know that we will provide a safe and loving home for your child. Our intent is to be open with your child about adoption and how much you greatly love them. Your child will be loved beyond words by us, by our family, by our friends, and he or she will always know the great love you have for him or her as well. Above all else we thank God for your life and the life of your sweet baby.

We hope you find comfort knowing that total strangers love your baby already! We are so happy to have crossed paths and hope we get to meet and learn more about each other soon! We are praying for you and your baby!

We love you!
