

Sarah & Mark

Dear Expectant Parents

Hello! We are Sarah and Mark. Thank you for taking the time to get to know us as we open our lives and our hearts to you! I (Sarah) was born with a condition in which I cannot physically carry a child. We always knew adoption was the path for us to become parents, and we could not be happier to give your child a loving home and family. We have been together since 2014, and got married last year. We have never been happier and truly do fall more in love with each other each day (cheesy, but true!). We have taken all of life's harder moments head on, as a team. We support each other, balance each other, and know exactly how to bring out the best in each other! We will always be each other's biggest fan and greatest support!

We wholeheartedly care about you, your family, and your precious baby. We can't even imagine what you are going through. We already know, just from the fact you are considering adoption, that you are a loving, caring, selfless person who is acting in the best interest of your baby. Without having the chance to meet you yet, we know you have a good, pure, selfless heart.

Speaking candidly- more than anything, we would of course be honored to be the adoptive parents to your sweet baby. Your concerns of "can I see my child as they grow, can they meet their siblings (current or future), are these people open to having an open adoption"- put those to rest. Yes! We would love to have an open adoption with you! Mark and I would never want to deny your baby the opportunity to know you and your family; we want to foster whatever type of relationship everyone is comfortable with. There are so many healthy ways to facilitate this and we want to work with you. Never against you. We are on your side, 100%.

After looking through our profile, we hope you can see how much love we have in our hearts to give our future child and how excited we are to start our family through adoption!

Falling In Love

In 2014, we met on an online dating site. After chatting online for awhile, we went on our first date - mini golfing, and of course we kept score! We had to see who the better player was! To this day, we still cannot agree who won (spoiler alert, it was Sarah, don't listen to Mark). After that first date, we were pretty close to inseparable. We would see each other every chance we got, even if it was just to go to the closest McDonalds to get McFlurries and drive around, chatting and laughing the entire time.

We knew we had found "the one" pretty quickly. Within just a few months we knew that we were what each other always wanted in a partner and that we were going to be in this for the long haul. We moved in together about a year and a half into the relationship. We were there for each other in the hardest of days, including the death of Mark's mother.

We got married September 21st, 2019, at Gillette Stadium. Mark is a HUGE New England Patriots fan, and we are both huge football fanatics, so it was the perfect venue. The whole wedding was football themed, from ticket-style invitations to NFL team tables and helmets in the centerpieces. It was the perfect mixture of traditional and classy yet fun and upbeat, which we think is a great way to describe us!

I am most excited to give my child the same loving, happy life I have been blessed to have! I cannot wait to see them grow and change, to walk with them through all stages of life. I am looking forward to all that comes with parenting- the good, the bad, the smelly- all of it! Being a mom has always been a dream of mine, so to see that dream come true will be the most incredible and rewarding experience!

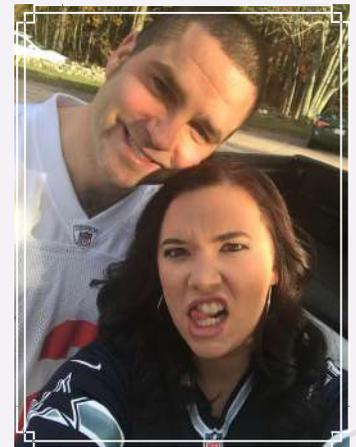

Mark says:

"Sarah is loving, caring, and has a great aura about her with kids. Each time I see her with children, I can picture her as a mother. All of the children in the family run to her as soon as they see her. She handles children with perfection! Her students talk about her constantly, even years after they leave her Kindergarten class. Her interactions and relationships with them speaks volumes about her as a person and as a future mother to our child."

Sarah says:

"Mark is an all around incredible person! He is loving, caring, supportive, charismatic-the list goes on! He has a passion for family and those he loves always come first. He has a sense of humor that is second to none. He always has a positive outlook and a calming sense of optimism, even in the worst of times. He will make the most amazing father- he is passionate and dedicated to every step of this process and will carry that same passion into parenting. Mark's love and affinity for children is evident to everyone who sees him interacting with the children we have in our lives- from nieces and nephews to our neighbor's children. The smile never comes off of their faces!"

Sarah's Family

My family is nothing short of amazing! They are fun loving, caring, supportive, and always ready for a get together! We are a very close-knit group and talk to/see each other as much as possible! We see my parents and sister at least once a week. We see extended family every couple of months for parties/celebrations and holidays.

Generations picture

My Papa, sister (Becky) and me

My family is always there, no matter what. It could be any time of day, any moment, any occasion-they are ready to jump into action for anything at a moment's notice and will help anyone in any way they can!

Mark's Family

My dad, me, and my beautiful wife!

My family is extremely close! They are caring, fun, and get together at every opportunity they get. They do anything and everything they can to support one another and accept everyone with open arms!

We see my father and his girlfriend a few times a month as well as my brother, his fiancée, and their three children at least every other week. We also see my extended family (grandmother, aunts, cousins, etc) every 2-3 months for some sort of family gathering!

My family will always go above and beyond to help anyone in need. When my brother had a huge hardship in his life, our family came together and did everything possible to raise funds, collect donations, and do whatever was needed to care for him in his time of need.

Our Home

We live in a colonial-style house about 45 minutes from Boston. Our house was built in 2016, so it is very safe and has a lot of features that were built with children in mind! We have a bedroom set aside for our child along with a playroom; we also have a lot of open space throughout the house and a beautiful yard with plenty of space for playing, both in the front and the back!

We live on a cul-de-sac off the main road, so it is a very quiet and safe neighborhood; the only car traffic is the people who live in the neighborhood. We love playing outside, visiting the library, and eating at local restaurants. The majority of families in the cul-de-sac have young children, so there are plenty of friends to play with! On a daily basis, you see families hanging out together while the kids run and play. Everyone in our neighborhood is friendly, and we have neighborhood gatherings frequently, including cookouts in the summer, a Halloween parade, and a yearly visit from Santa, who reads a story to all of the neighborhood kids and brings a special gift for all!

The Nursery

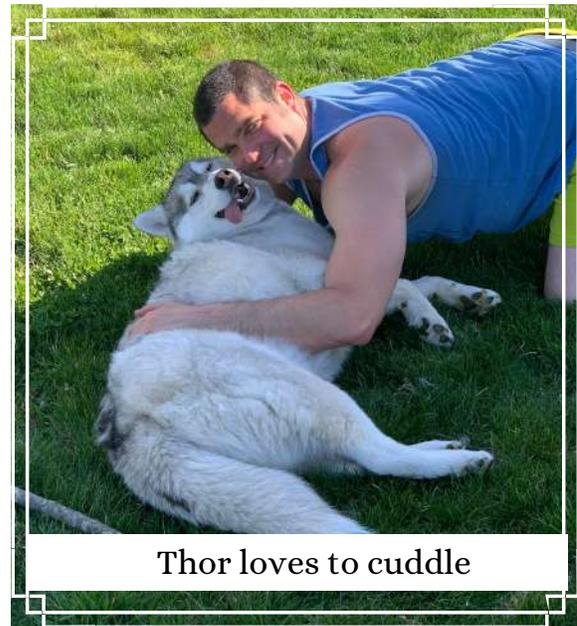

We can't wait to personalize the nursery for our future child! Right now we enjoy buying special things for baby.

Our Pets

Meeko - ready to snuggle!

Thor loves to cuddle

We have a 3 year old husky named Thor who LOVES kids! He is always playing with the neighborhood kids and has been socializing with young children since he came to us at 8 weeks old. We also have a 7 year old cat named Meeko. Meeko is a very easy going kitty who loves to snuggle! We know our pets are going to be so great with our future child!

Quotes from Our Family & Friends

We are so excited we could roar, to meet your new little dinosaur! Parenthood is an amazing ride so enjoy before it passes by. It will be hard, but do not fear-your friends will be right here! Our daughter is primed and ready to teach baby about cart driving!

-Our friends Sheri and Lenny (Sheri and Sarah are both big dinosaur fans!)

Our family has known Mark and Sarah for many years... there are no other individuals on this planet that deserve a child more than them! They are the most loving, caring, compassionate people we've ever met. We are blessed to have them in our lives, and any child that is placed with them will be blessed beyond belief!

-Our friends Steph and Jay (also our designated guardians should something happen to us)

I am so looking forward to my beautiful sister become the amazing mother she was born to be, and to watch two people I love so much raise this amazing little person! Our family is so full of love and laughter that we cannot wait to share, as we open our arms and see the newest member of our family blossom!

-Becky, Sarah's sister

We could not be more excited to see the two of you become parents! We are here for you and love you!

-Mark's Dad (Robert) and his girlfriend (Isabel)

I could not be happier for or more proud of Sarah and Mark on the adoption of their child. There is nobody more deserving of a child as they will bring their little one nothing but love, happiness, and support with open arms. I am so thankful they have this opportunity to make a difference in this child's life and bring joy into their own. I am so excited to see how you grow as parents and how you grow as a family. Congratulations and best of luck on your journey Sarah and Mark!

-Our friend Caitlin

We can't wait to see you guys become parents! This future little baby is going to be so loved! We can't wait for all the future play dates, beach days and shopping trips that are bound to happen!
