

Justin & Taylor

HELLO

Thank you for taking the time to look at our book. We appreciate your consideration. We both understand the gravity of this decision you are making. This is just a way for you to get to know us a little bit. This is just a small glimpse into our lives, but we hope you know how much we love each other, our families and children. It would mean the world to us to have the opportunity to raise a child. After two IVF cycles and a miscarriage, our hearts have been broken for so long. After working with children for so long, we realized we don't want to just "move on" and not pursue having a child of our own. We both dream of being parents.

We are loving, strong and accepting human beings. We have so much love and joy to share.

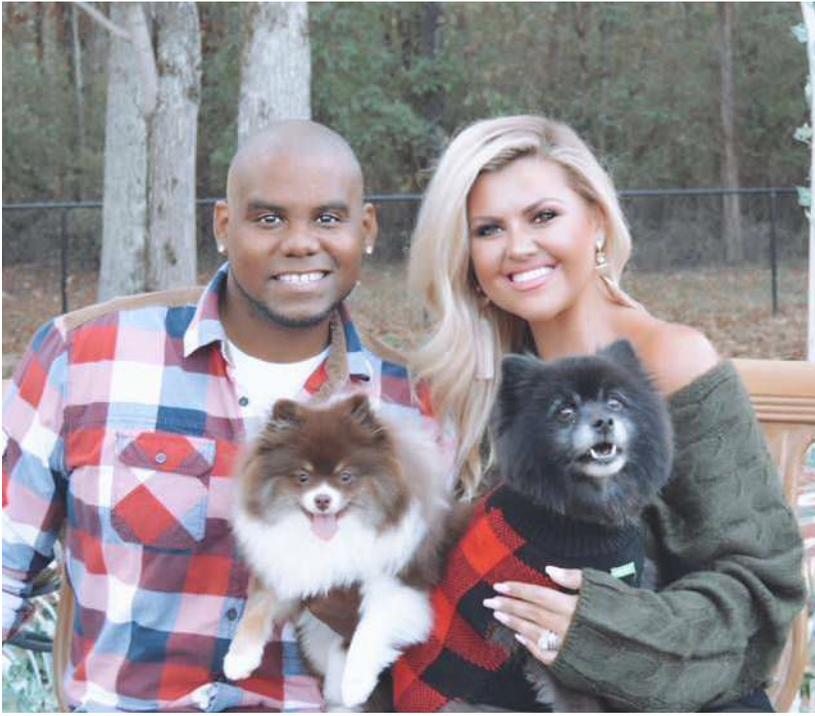

Thank you,

Justin & Taylor

All About Us

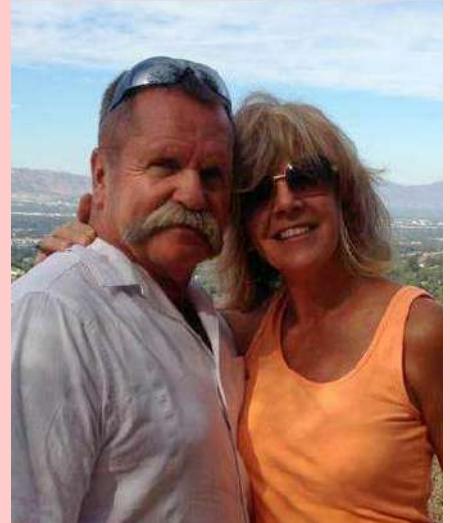

Justin
&
Taylor

We met in 2013. Taylor owns a dance studio and Justin was hired as the Hip-Hop teacher. They became best friends. After several months, they fell in love. Justin proposed in June of 2015 in the most epic way at the dance studio's recital. It was in front of the whole studio, friends and family. Taylor had no clue and it was the surprise of her life. It even went viral with the video being on youtube. They got married in May of 2016 at Taylor's parent's home. It was a beautiful day surrounded by the ones we love most.

We have two fur babies, Tella and Winston.
We are so excited to start our family!

About Taylor

By Justin

Taylor is the most caring person and does not like to settle for mediocrity. She is the most beautiful woman I have ever seen, inside and out. She is extremely family oriented. Taylor takes pride in teaching children. Her bond with children is absolutely incredible. She will be a great Mom.

Taylor was born and raised in Tennessee. She is an only child of her parents, Carolyn and David. Growing up, she loved to be outside, ride her horses and to be with her animals.

She graduated from high school in 2005 and went on to college where she graduated in 2010 with a degree in broadcast journalism.

Taylor has danced since she was 5 years old. She danced all the way through elementary school and high school. During college, she went to Chicago where she became a certified dance instructor. She knew her passion was strong for teaching and choreography.

In 2011, she decided to open up her own dance studio. Taylor has had her business for 10 years now. She spends her days and nights teaching children of all ages. She has an extremely successful competition team that she is able to express her creativity with.

When Taylor isn't working she loves being with friends and her dogs. She loves watching movies and drinking her coffee. She is a lover of all creatures. She will save a bug, turtle or lizard on any given day. Taylor loves anything that sparkles. She loves exercising, has a huge heart for animals and is a vegetarian. She literally dreams of being a mother. Taylor cannot wait to give all the love she has in her heart to our future child.

About Justin

By Taylor

Justin is an incredible person and husband. We have been together for almost 7 years and have had many ups and downs. We have suffered a lot of heartbreak and disappointment. Justin has stuck beside me through it all. Justin makes me laugh. We have the best time together and can make anything fun.

Justin grew up in Memphis and is an only child of his mom and dad. His parents divorced when he was just a baby and neither got remarried. He has a great relationship with both of his parents. His mother Susan, still lives in Memphis and his dad Barry, lives in Georgia.

Justin LOVES sports. He has a strong love and obsession for the Chicago Bulls. He played basketball in high school and college. Justin is so knowledgeable about all sports. It truly amazes me. He was a professional Hip-Hop dancer for many years and was even on the hit show 'America's Best Dance Crew' on MTV. He is an incredible choreographer and teacher.

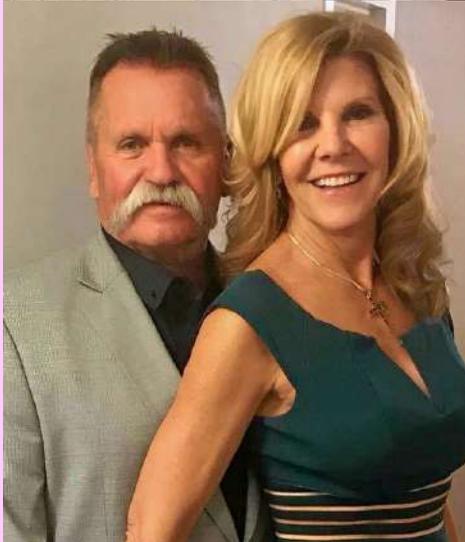

Justin is a sales consultant at a Cadillac dealership. He loves what he does. He is a people person and loves meeting people from all walks of life. He enjoys being able to do two things that he loves very much.

Justin is one of the most compassionate people I've ever met. He truly wants love and peace for everyone. He is upbeat and positive and I know he will be the most incredible Dad. He has a beautiful faith and reminds me everyday to never give up.

HAPPINESS

She found her love for pageants!

Justin's Parents

Justin's mom, Susan is a retired IRS auditor of over 30 years. She spends her free time traveling and taking care of her father, Justin's grandfather. She also loves Amazon shopping!

Justin's dad Barry is a retired Marine after 30 years of service. He went on to teach the ROTC program at a local high school for 10 years. He now enjoys his time as a substitute teacher and playing golf every single day!

More of what we do.....

We have a passion for dance and choreography. We want to support our child in whatever they choose to do. We want our child to love all things! No matter what activity they want to do, we will be there to support it and make them the best they can be!

We have wanted a child since the beginning. Even though it has been so hard waiting, the one thing that keeps us going is laughter. We are always laughing and having fun. We are truly best friends.
