

John AND Mario

OUR WORLDS
MERGED AT THE
BEGINNING
OF 2018,

AND IT'S BEEN AN
EVER EXPANDING LIFE
OF FULFILLMENT AND
AFFECTION EVER SINCE.

WE RESIDE IN VIBRANT FORT LAUDERDALE FLORIDA, a short drive to beautiful beaches and Disney World. Adoption has been on both of our minds since a young age dreaming about our future. You and your child have the opportunity to make dreams come true! Both of us are overjoyed at the thought of raising and loving a child with all

the love we both have to give. We know this decision doesn't come easily, and our hearts are here for you. We would feel fortunate to be a part of your support system during this trying time. Thank you for taking the time to browse our profile, and we hope to get to know each other a little bit more!

HAPPY TOGETHER

Hello
¡Saludos!

WE ARE

**Mario &
John,**

A COUPLE WITH TWO
BIG HEARTS AND A
LOT OF HAPPINESS
TO SHARE.

John is from sunny
South Florida and
Mario is from the
historic north
of Spain.

“YOU WILL FOREVER BE MY ALWAYS”

Growing up in different countries couldn't stop what was meant to be. A few years after Mario moved from Spain to Florida that's when our worlds collided.

ALWAYS LAUGHING TOGETHER

Our Story

FROM HOLLAND, WITH LOVE

On the first date, the both of us couldn't stop smiling from ear to ear, butterflies filled our stomachs, and after that day, we were inseparable. Within the first month of meeting each other, at separate times, one of us had all his wisdom teeth removed and the other dislocated both shoulders; without hesitation, we both took care of one another. We are both hardworking people who

enjoy spending time together as a couple cooking for friends and family, watching movies on the couch, going to the beach, and traveling. Because we both have playful and loving personalities, the majority of our alone time is spent in laughter and endearment. No matter how stressful life can get we both know there's someone at home who will nurture us and make us laugh.

WAYS WE SHOW EACH OTHER LOVE

1. Love notes by the coffee machine
2. Surprise lunches at work
3. Cooked dinner after work

MARIO AT
THE GYM

FROM JOHN

When you first meet Mario, you'll notice his warm eyes and illuminating smile, but his greatest trait of all is his personality. He is a Managing Director for over 50 employees, so he has a little "el jefe" or the boss within him; strong, motivated, and resourceful. His real personality comes out at home with loved ones, where his joyful and playful nature shines through the suit of his 9-5. Waking up with him in the morning begins with belly laughs, dancing with our dog Lola, and sometimes a tickle fight. **Children that surround him are always filled with smiles and joyous laughter because he's the perfect real life cartoon character.** There's a heartening spark about him that'll turn any frown upside down.

“

“With his silly and empowering disposition myself as well as the people that surround him know he'd be awarded with a #1 dad coffee mug.”

MARIO'S WORK

I've been employed with a maritime transportation company for 17 years, and I've worked from the bottom all the way to the top. This has allowed us to frequently travel to Caribbean Islands for weekend getaways.

Thoughts of John

KAYAKING MANGROVES WITH LOLA

FROM MARIO

Self-sacrificing, caregiving, and warmhearted are just a few words I'd use to describe him.

I believe his path as a Massage Therapist and Yoga Instructor chose him because he always put the needs of others ahead of his own. The most patient and empathetic person I've known, so it comes as no surprise that people are driven to him for emotional support. With such a big heart, his compassion runs deep for people and animals alike that are in need of help. Even though he will become a father, he radiates the energy of a mother. With his nurturing and tender character, he's going to be an outstanding parent.

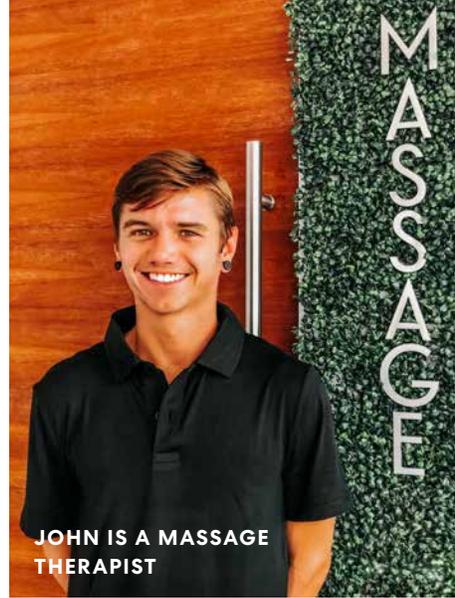

JOHN ALWAYS MAKING BABIES SMILE

“

Approaching children with a soft touch, he treats them as you would a delicate flower. Without a doubt, our child is going to be graciously loved, safeguarded, and without a want or need under his care.”

JOHN'S WORK

My 10 years as a Massage Therapist/ Yoga Instructor reflect my nurturing, calm, and relaxed personality. My jobs' flexibility will allow me to be home with our child to make sure they receive all the care and love they deserve.

SUNNY SKIES, WARM WEATHER AND BEAUTIFUL BEACHES

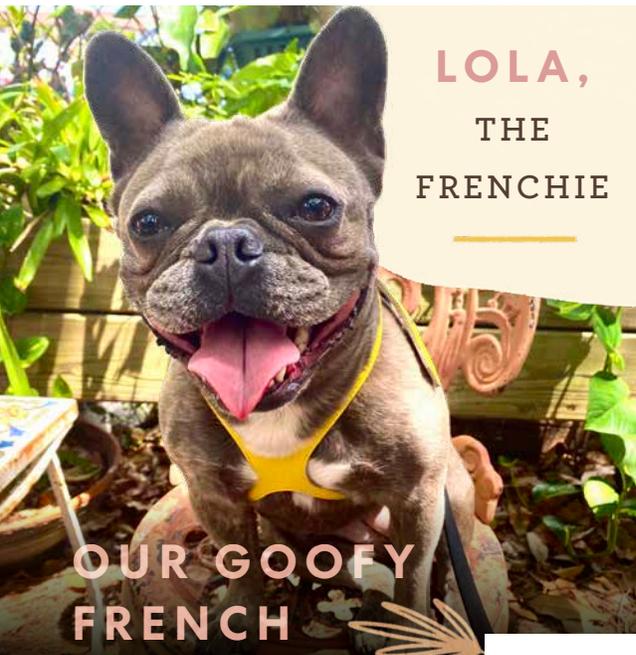

It's summer time year round in Fort Lauderdale, Florida where we live.

OUR BACK PATIO IS ONE OF OUR FAVORITE SPOTS IN OUR HOME

An hour north of Miami, ten minutes from the beach, and a short road trip to Disney World. We're surrounded by multiple county parks with a plethora of walking trails, wide open grassy land, lakes, and playgrounds for the young ones. Our home is a four bedroom and two bathroom villa nestled in a small neighborhood full of young families. We love our open floor plan because everyone can be together no matter what living space they are in. Family lunches, cool and

relaxing afternoons are spent on our large deck underneath an old and shady black olive tree; where we have a large outdoor sectional couch and a table for six. Our home becomes a gathering place for loved ones when Mario cooks a traditional Spanish paella on the weekends, and after the paella is finished, we have the "sobremesa", which is the time spent at the table after a meal where we share laughs, stories, and play card games.

THE
FRENCHIE

OUR GOOFY
FRENCH
BULLDOG,
LOLA

warms our house and hearts with her presence.

Friends say she's our "first daughter" because we take care of her as we would a child. She enjoys siestas during the day, and playtime at night when papis get home from work.

Hobbies & Interests

John does yoga daily, and Mario goes to the gym, but on the weekends we like to do yoga together. During the "winter" months in Florida, we enjoy kayaking in the Florida

WALKS ALONG FORT LAUDERDALE BEACH WITH LOLA

mangroves alongside our dog, Lola. We're frequently at the beach enjoying the sun and relaxing sounds of the waves crashing ashore; if we're not at a beach in Fort Lauderdale, we're on a beach in the Caribbean! Traveling to different countries is huge for us because we love to experience new cultures and try different foods. Our twice yearly trips to Spain are important for us to visit family, and it also gives us an easy way to explore different countries throughout Europe. We can't wait for our child to experience the vibrant culture and traditions of Spain!

JOHN & MARIO ENJOYING TIME WITH A FRIEND'S BABY

FROM A Village to The City Then Onto a Farm

We visit Mario's family a few times every year. They are located in the European country of Spain. His father's side is located in a small country side village, where Spanish traditions are kept alive. His father tends to the Huerta, the fruit and vegetable garden, where he'll harvest all the food for the house. His Abuela will cook large lunches daily for the whole family. His mother's side is located a few hours south of Barcelona in a fishing town, where they live a few minutes walk from the Mediterranean Ocean. We enjoy adventures out on his brother's boat,

home cooked meals by his mother, and daily walks around the town and along the beach. John's mother lives on a serene horse farm 45 minutes north of where we live now. She spends her time with her miniature cow, horses, and neighborhood chickens; she's frequently referred to as "the animal whisperer." Going to her house and spending time on her tranquil property with all her animals is something special and not found often in south Florida.

REFLECTIONS ON PARENTING

Every child deserves a beautiful story, and we will do our best to write the most exquisite story. The first chapter begins with your strong will and courage to help make our dreams come true. A child born from a kind and brave deed should never have to question their origins. Your child won't go a second without unconditional love, support, and laughter.

They will grow up with the multicultural beauty of both American and Spanish traditions. They will also have enhanced creative and mental flexibility from growing up bilingual! During their most important early years of development, they will always have someone at home with them for guidance.

Goodbye & Hasta Luego

FROM THE BOTTOM OF OUR
HEARTS WE THANK YOU

FOR MAKING IT THIS FAR INTO OUR PROFILE
AND TAKING A SHORT GLANCE INTO OUR LIVES.

Our love is extended to you during this time as we can only imagine how overwhelming this must be for you. Trust in yourself that you will make the right decision for you and your child. Adoption is a selfless act of kindness as you're given the opportunity to turn dreams into a reality for a hopeful couple. **If chosen, we promise your dreams of adoptive parents will become a reality as well.**
