

Brannon  
*and*  
Rhonda

hello!

## SO NICE TO MEET YOU!

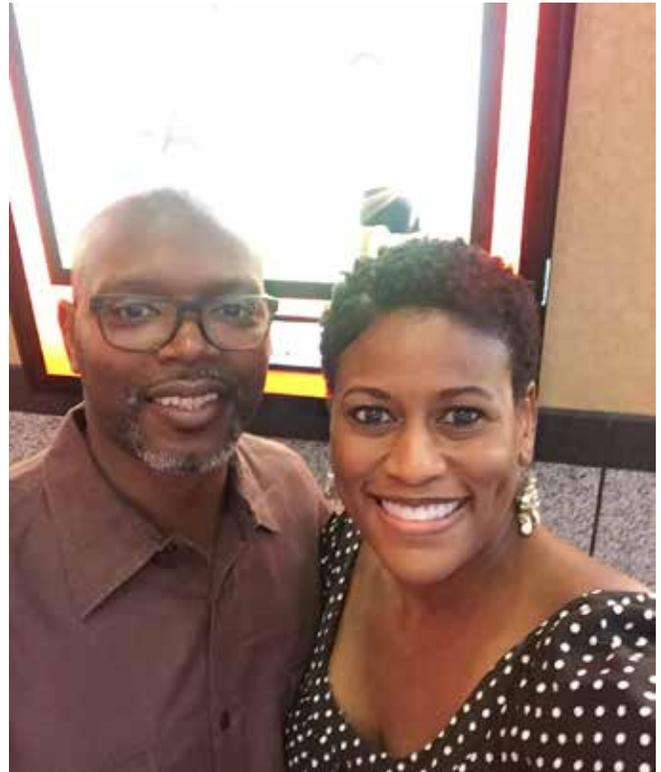

We are Brannon and Rhonda, and we would like to thank you for giving us the opportunity to introduce ourselves to you. We are grateful that you love your unborn child so much that you are willing to consider an adoption plan for him or her. We cannot begin to imagine what you are feeling and experiencing during this time but we are praying for you. We have the utmost respect and admiration for you. You are the true hero.

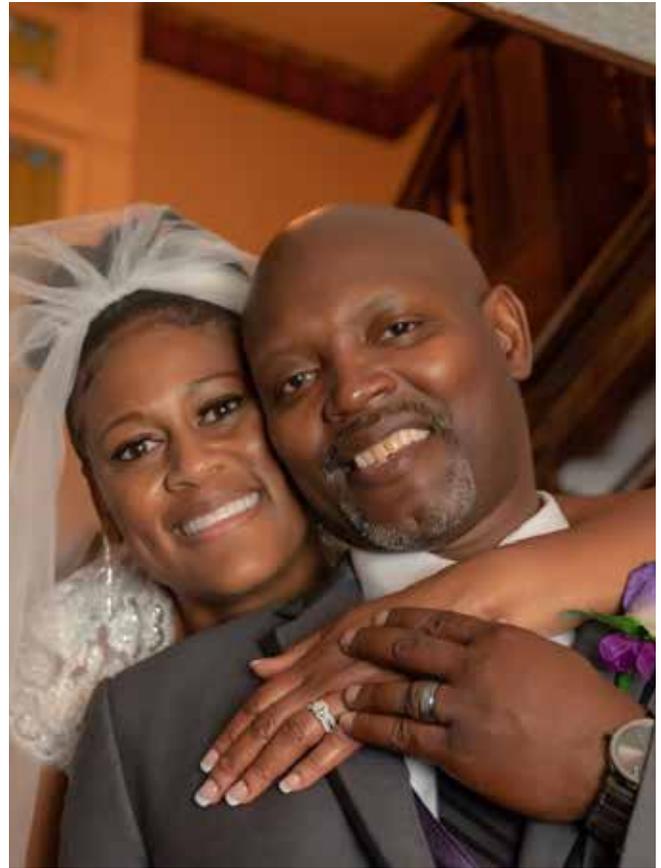

We talked about adoption before we were married, and after two miscarriages, we feel that adoption is what the Lord has in store for our family. We have much love to give to your child and will nurture him or her to be the best person he or she can be. We promise to cherish and love your child unconditionally with our whole hearts and provide a safe, happy home with every possible opportunity. We are praying for you and your child and pray that God will give you peace in whatever decision you make.

Brannon & Rhonda

# our STORY

We met on a dating website. We talked on the phone for three weeks before meeting in person. During those (sometimes hours) phone conversations, we discovered we shared a lot of the same principles in life and had a lot in common. We both love to travel and took our first trip together four months later to New York City. Eighteen months later, Brannon surprised me (Rhonda) with a trip back to NYC where he proposed at the top of the Empire State Building. We are both spontaneous and love surprising each other.

For our wedding, we decided to surprise our guests. Everyone thought they were coming to our engagement party, but little did they know, they were attending our wedding. After playing a quick game with our guests and blessing of the meal, we slipped away to change into our wedding attire as our guest enjoyed the buffet. When our guests were all seated, Brannon and the minister walked out and the beginning of the rest of our lives started. We have now been married for three years and still love surprising each other.

## Career

Realtor, Real Estate Investor

## Hobbies

Walking and Hiking Trails, Writing short films,  
Attending live theaters

## Favorite Color

Purple

## Favorite Food

Ice Cream

## Best Memory

Our Wedding

# meet Rhonda by Brannon

I knew Rhonda was the one before I met her in person. She is caring, thoughtful, wise and has a heart for people. Her bubbly personality attracts everyone around her. Her love for people led her to leave the corporate world of accounting to become a full time realtor. She includes my adult daughter on vacations with her family. Without a doubt, I know my wife will be a wonderful, nurturing mother. I love the way she values faith and family above everything else. She loves being the favorite aunt and I can't wait until she becomes the favorite mother.

NO SMOKING  
BUNKBANKING

## Career

Professional Truck Driver

## Hobbies

Avid football fan, Attending drag races,  
Classic car shows

## Favorite Color

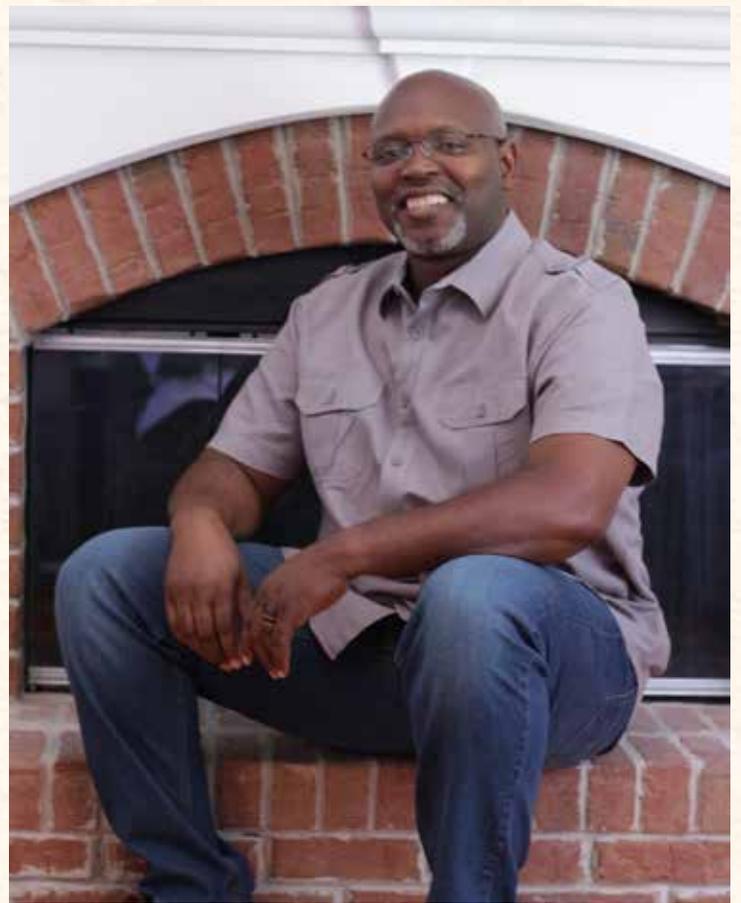

Blue

## Favorite Food

Hamburger

## Best Memory

Proposing to Rhonda

# meet Brannon *by Rhonda*

Brannon is the most thoughtful and caring person I know. I knew he was someone special when he brought me a beautiful greeting card along with two gifts (earrings and gift card) on our first date. Just from our phone conversations, he gathered how much I love earrings and shopped at B&BW. He believes family and faithfulness to God are the most important aspects of life. He's a great father to his adult daughter and very supportive of her goals and interests. He is quiet and a great listener. I fell in love with his sweet and genuine soul from the beginning. He helps make me a better person.

# our Home

We live in a two story brick front home in a quiet, family oriented community. Our home has 4 bedrooms, 2.5 bathrooms and a family room filled with games in our cabinets. Our couch is a great place to snuggle up to watch a movie or to read a book or two. Our mulitple rooms create the best place to play hide and seek which we always play when our nieces visit. We have a patio in our backyard where we currently grill or just relax while having our evening treats. We would love to see our little one playing in the backyard on a swing set.

# our Community

Our community is very active and is always having fun activities and events for its residents. We have a nice clubhouse with a full basement, a large swimming pool, two tennis courts and a basketball court. We live in a great school district and have a short drive to parks, restaurants, and shopping.

# our Family

Family is super important to both of us. We both have two siblings and have big extended families. Together we have fifteen nieces and nephews with ages ranging from twenty-five to one year old. Most of my (Rhonda) family lives in a neighboring state but visits us throughout the year. Both families get together to celebrate July 4th together each year. This year on July 4, 2022, our mothers were talking and decided that we should take a trip to Florida and rent a huge house. Guess who's in charge of planning this trip? Yep, me (Rhonda)!

Together WE MAKE A family

# Hobbies *and* Interests

One of our most favorite things to do together is travel. Together we have traveled various domestic and international places. We would absolutely love to take a child with us on these adventures. We love going on long walks on trails as well as hiking mountains. In the summer, we attend festivals around the city and love buying from the vendors and food trucks. We love spending time with family. We love getting our nieces and nephews and keeping them for summer and/or spring breaks. They love staying with us because they know every day is going to be a different adventure.

**Tradition:** Every Valentine's Day, we order pizza from our favorite pizzeria, DaVinci's.

# *our* PROMISE

We promise to love your child unconditionally with our whole hearts and provide a loving and supportive home. We promise to nurture his/her imagination and curiosity and always positively encourage your child as they grow. We promise to offer new experiences that expand your child's horizons and understanding of the world around them. We promise to create a safe space for your child to experiment, take risks, and make mistakes.

Thank you for taking the time to learn more about us. We can't wait to become parents and start making new memories with our child. May God bless you and your child!
