

Osazee & Letrice

Hello

Thank you so much for taking the time out to learn about us! We are **Osazee and Letrice**. We think you are so courageous and selfless for considering adoption for your child. We would love the opportunity to raise your beautiful blessing that you brought into this world. **Getting to know you would be a blessing for us and to your child. We would be able to give details about their mother to them through stories we would tell them at bedtime. This is one technique I have learned to help children remember things.**

We are a household of 3 and the **third person is our mother, Bridget**. She is overjoyed to be able to show love to your baby also! We decided to adopt because of infertility but we understand that this was in **God's plans** from the beginning. Our household is full of laughter, love, cooking, dancing, and peace. We as a family unit look forward to sharing our love, passion for food, and travel with your little one.

"Your are welcome" is a saying to anyone that enters our home or comes back from a long journey. In other words it means make yourself at home or that **our home is your home.**

Our home is a one story with 4 bedrooms and 3 bathrooms. We are nestled in a beautiful neighborhood with **a lot of children.** Our neighborhood has a park and sidewalks that encourages us to go outside and explore! No-one can build behide our home so we are able to wake up to the **beautiful trees and nature outside our windows.**

Family

Our family live in different states/countries but you would not know it. We make sure we attend special life moments because we support one another!

Meet my Wife

Letrice

She is so beautiful inside and out. My wife is the most loyal and humble person I know. She loves God, family, adventure, travel, and is a true foodie! Her travels started when she was a young girl with her family. She cooks daily because she believes in fresh daily meals. She cooks different types of food in which is travel inspired. **She has a heart for people.** I say this because I have seen her selfishly take care of someone in our family that had Cancer. This woman of God also **tutors** children 4 days a week in ELA and Math. She is truly working in her purpose. She previously worked part-time in the school system and really loves children. **Her tutoring schedule allows her to be at home with your child.** She will always be supportive of your child's dreams and aspirations. One of her sayings is "Dream Childhood Like Dreams"

Meet my Husband

Osazee

My husband better known as my rock is everything to our family! He has a heart of gold and would be the first to take the shirt off his back to give to someone. I truly respect that about him. He is wise, kind, thoughtful, and loving. I am very proud of him and his accomplishments. He is truly a Ephesians 5:25 husband! He is a great leader in all aspect of his life. He just completed his Masters Degree last year and currently in school to concur his next degree. I look at him every day and thank God for him. He is an excellent provider and man of God. I trust him with everything in me. He is never afraid to tackle any obstacle that is in front of him. He will hold your hand and ride any wave with you and that is one of his best qualities to me. The most important thing is that he loves God. That was my simple prayer I had for a husband. "God please give me someone that loves you and I know everything else will fall in place."

Next thing I knew, I was talking to him in a book store.

How We Met

We met at Books a Million in Texas, Feb 2014. We both love to read. Shortly after, our conversation moved to a small Café in walking distance of the book store. We talked for hours to the point we were kicked out because the café was closing. During our first date we expressed all of our needs and wants out of life. Religion and family was a huge part of that conversation. We got engaged 2 months later at our favorite restaurants. We married a few months after we got engaged. Our family flew in and it was a memorable day we will never forget. We have been married now for 9 beautiful years and we would not trade our journey for anything! God is our foundation and we will continue to thank Him for our union, for our everything!

Thank You

Thank you for taking a glance of our profile book. If God leads you to us, **we promise** to love, protect, and cherish your child! Our family will continue to pray for your health and well-being.
