

MASON + AMBER

HELLO!

We are so happy to meet you!

OUR NOTE TO YOU

Thank you so much for taking the time to pick up our profile and get to know us! **We want to express how much we respect you for considering this loving decision for your child.** We understand how difficult and emotional the process must be and we want you to know we care deeply for your heart as you navigate your choices moving forward.

We've hoped to adopt since we were first married. **We believe strong friendships in a marriage create strong families and we are best friends!** We are so excited to open our hearts and home to a child and give them a wonderful childhood.

If chosen, we will use every opportunity to tell your child how loved they are and how that love is reflected in the selfless decision to make an adoption plan. **We hope to raise your child surrounded by love and give them a happy childhood filled with great memories, many opportunities, and fun adventures!** We have so much love to give to you and your child. We would love to share more about our family with you and get to know you better as well!

We hope you enjoy looking through our book. We are praying for you!

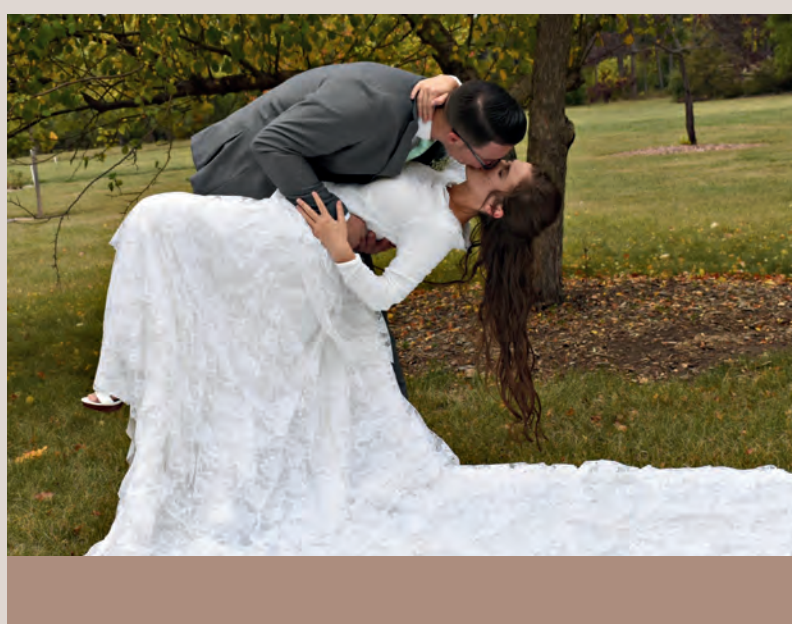

Love,

Mason and Amber

A little bit of OUR STORY

We first met when we were both eleven years old. We became friends and gradually became more as we got older. By the time we were sixteen, we decided we loved one another and wanted to be together for the rest of our lives. We would talk for hours on the phone and hours more in person. Mason proposed when we were eighteen with a surprise picnic in a park where we played together as kids!

THE TIMELINE

First Met
April 2013

Got Engaged
July 2020

Married
September 2020

WE HAVE BEEN MARRIED FOR FOUR YEARS

Our marriage is kept strong by caring for one another in words as well as with actions. We never let a day pass without reminding each other of our love. Having been friends since childhood, we feel we have always been a part of each other's lives. Our friendship makes communication in marriage easy since we have had so much time to get to know each other and work on being open and honest with each other.

TIME TOGETHER

We love spending time together. We have had many fun travel adventures and made new traditions since we got married! We've flown to many beautiful states as well as El Salvador on a mission trip together. We've made a tradition of camping every summer by a beautiful lake in North Dakota for an entire week! Every spring we brand cattle with family and friends. It's always an exciting gathering and a beautiful tradition. We believe spending fun, quality time together keeps us close and family-focused.

WE ARE BEST FRIENDS!

MASON

IN AMBER'S WORDS

I admire Mason's strength of character and humble desire to serve others. He loves providing for his family. He sincerely loves God and people. **One of the many reasons that makes him a great husband is how passionately he cares for his family.** His heart for us is evident in his words and actions. Mason is easy to talk to because he listens well and isn't quick to reply. He helps balance my personality by being level-headed in stressful situations and he can always make me laugh when I'm taking things too seriously. He is my hero, the love of my life, and my best friend.

Mason grew up as the second oldest of twelve children so he is a natural with little kids. His younger siblings simply adore him. In a big gathering, Mason can be found sitting in a chair surrounded by little kids reading a book or on the floor playing with toys with a baby. He is a loving Daddy to our son. He makes time for play and book reading together every evening when he gets off work. **Mason is a very loving daddy to Jeb and is looking forward to loving and pouring into another little one in the future.**

AMBER

IN MASON'S WORDS

Amber genuinely cares for people which means if she sees anyone in need or left out of the crowd she goes up and makes friends with them. Sometimes I'm not completely in tune to the feelings of others but Amber is very caring and can see the needs of other people easily. She balances me out and helps me to better care for others around me. She does her best to make our house a very family-centered home. **I love her because she is more than a spouse; she is my best friend and better half.** I feel so lucky to have her as my wife and I'm so thankful to be building a family with her.

Amber is very good at caring for our son's needs and always has an extra eye watching to make sure kids stay safe. She is so protective and nurturing. Our son loves reading books and Amber reads to him with silly accents which he loves. She has room in her heart for more children and wants to share her love with another child.

MEET MASON

I am a foreman for a construction company. I can schedule extra work to give myself more free time off. It's nice when I want to plan trips, holidays and things like that. I really enjoy the flexibility my job gives me to spend time with my family, but I am also thankful I can work hard to provide for my family

In my free time, I enjoy going out to my parent's ranch with my family. The drive is fun and we enjoy visiting all the animals, including goats and a cow. They are so tame and love interacting with people! My favorite time of the year is "Family Camp" where we tent as a family for an entire week on a lake with all of my extended family. I enjoy being outside and staying productive.

I look forward to adding another family member who I will get to love with all of my heart. I want to be the kind of dad who my kids will look up to as I do with my own dad. My parents were very good at setting clear boundaries which helped me to grow up in a secure home. This created a relationship where I am good friends with my parents as an adult. I hope to create a safe and secure environment for my kids while they live with me as well. My greatest wish for my children is that they will have a life that is very fulfilling.

MEET AMBER

I'm a stay-at-home mom and I love it! I am so thankful I get to spend my days with our son and watch him grow. When we add another child to our family, I will have plenty of time to bond and care for the baby one-on-one. I look forward to making many messy memories in the garden as well as the kitchen with my kids as they grow big enough to play with their food. As a family, I can't wait to enjoy taking long walks with our dog and visiting the many parks near our townhome. I cannot wait to enjoy every stage of our new little one as they grow!

My hobbies consist of many things including bread baking, cooking, coffee snobbery, culinary arts, gardening, camping, and music. I love making yummy and healthy meals for my family and always try to include them in whatever I'm doing.

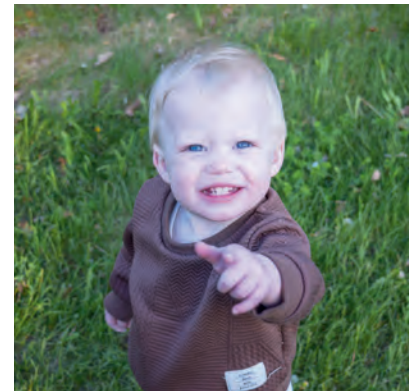

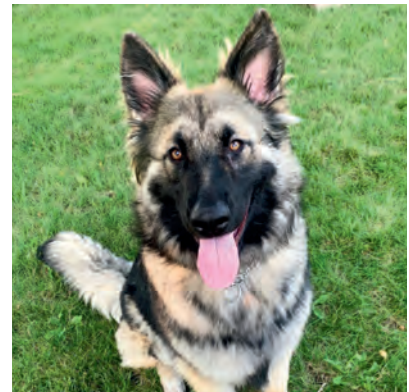

My greatest prayer for my children is that they will love God. Whatever their choice of occupation, I hope to give them a strong educational foundation so that they will be able to pursue that goal. As a child, my parents traveled full-time because of my dad's work. I got to visit many beautiful places all over the United States. We were able to catch fish, oysters, and crabs on the Gulf of Mexico and ride horses on the plains of North Dakota. Because of these and other great memories, I hope to give my children many fun experiences traveling our country as well as others.

OUR SWEET BOY

JEBEDIAH

Our son, Jebediah, is two years old. Jeb is a playful, lovable, smiley little boy. He plays very well with other kids, LOVES reading books, and likes to sing and bang on Daddy's drum set. **His dog is his best buddy. Roxy is an eight month old German Shepherd.** She's a gentle giant and is wonderful with kids. She's very smart so we are having her trained so that she's an even better playmate for the kids and guard dog for the family.

PARENTING

We believe in parenting “More is caught than is taught.” **The greatest lesson kids will ever learn is by watching their parents live what they believe.** We love being parents and we look forward to watching our children develop into adults one day at a time. Creating laughter and lasting memories makes the home a fun place to be!

HOLIDAY FUN

Our Christmas holiday is always an exciting time. With such a large extended family we have many traditions. Aunts, uncles, and cousins bring sleeping bags and spend the night at the grandparent's house. Most people stay up early into the morning with board games, cards, and conversations. On Christmas Day we drive out to Mason's family ranch where we spend the night after a big meal and gift exchange. The Fourth of July is bright and full of fireworks for our family. A local town always puts on a huge fireworks show over the Badlands. We bring lots of food for grilling and picnic blankets to watch the show. For birthdays, we either have a party with extended family and friends or celebrate at our home with cake and whatever food the birthday boy or girl requests throughout the day.

We absolutely love making special memories on holidays and we are so excited to include another child in the fun!

WELCOME TO OUR HOME

We are so excited to make more memories here as our family grows!

We live in a large ranch-style home. We have five bedrooms and four bathrooms. We love the charm of the high ceilings with wooden beams and the latticed windows. We have a large fenced-in backyard where our son and our dog love playing ball together. It's perfect for grilling and hosting. We love spending our evenings together reading books and playing together in the family area. The kitchen really is the heart of our home. Many tasty meals are shared at our table with family and friends. Our home is situated in town but isn't far from the beautiful North Dakota Badlands. We see wild horses, large herds of buffalo, antelope, deer, and many other types of wildlife year-round!

We are so thankful we get to raise our children in this home. We plan to stay here at least through our years of having children at home. We are in a safe area with lots of opportunities for our kids to grow up socializing with kids their own age. Mason is helping to build a family company to the highest potential and plans to buy out his Grandpa's side of the family company soon.

IN OUR HOME

We value honesty, The Golden Rule, common horse sense, and unconditional love. Truth is necessary for a healthy relationship with trust. We do unto others as we would have them do unto us. Common horse sense is taking life at a steady pace and doing the things you know are right. We unconditionally love in our home not because we're perfect, but because that's what we believe a family does.

WE LOVE OUR FAMILY!

Amber's Family

My mom's name is Amanda and my dad's name is Christopher. I have three siblings. My sister, Sarah, is married to Joe. My sister, Krissy, is married to Bill. Krissy has a four year old son named Kevin. I also have a little brother named Brian who still lives at home. My parents and little brother live in Louisiana so we don't see each other as often as my sisters who live nearby. My sisters and I either call or text every day that we don't get together. We are very close. We enjoy grilling and bonfires in the summer and visiting and playing cards and board games through the long winters.

Mason's Family

My parents and younger siblings live on a ranch in the Badlands. I have eleven siblings. Abe is married to Sierra and they have two children. Dannie is married to Dustin and they have a little boy named Ryker. My other siblings are Bobbie, Chance, Cooper, Lee, Laynie, Wytne, Jaymie, Barbie, and Jubalie. I see my family at least twice a week. We get along very well and love seeing each other. They are looking forward to a new baby and are very supportive of the adoption process. My siblings love their niece and nephews and cannot wait for us to add another baby to the family!

OUR FUTURE PLANS

We love traveling and plan to show our kids how to explore the world they live in. We would love to travel to Europe for a history tour and take an Alaskan cruise in the future. We would also love to go on more mission trips. We've always wanted a big family and would like to add to our family again once our kids are a bit older.

FAITH AND EDUCATION

We hope to raise our children to love God and to follow His will for their lives. We pray they will become hardworking, honest, and willing to work at whatever career they feel led into. They will get to enjoy Sunday school and be a part of our wonderful church family.

We were both homeschooled and furthered our education depending on the vocation we aspired to be in. We loved the flexibility and one-on-one teaching that homeschooling allowed. We hope to both actively be involved in homeschooling our children. We would love to see our children go to college if it is part of their plan. We will love them, support them, and encourage them to do their best and work their hardest at whatever they plan to do after high school.

We are so
thankful
for you!

THANK YOU

We want to say thank you for taking the time to get to know us. We hope you feel like you have truly gotten a glimpse into who we are, what is important to us, and what your child's life would look like growing up in our home. We would love to get to know you and hear about your hopes and dreams for your child.

We want you to know that in our home, you will be loved and prayed for and your child will be raised to know just how much you love them. We promise we will speak highly of you and conversations about you will be common in our family. We hope not to be strangers, but family. We have enough love in our hearts for you as well as your baby. Because of that love, we want to respect any level of openness that you are comfortable with, but we would love to keep in touch by sending lots of photos and life updates.

We are praying for you and thinking of you often!

Mason and Amber

You are Loved!
