

# DAVID & DEBORAH

OUR FAMILY  
NESTLES LOVE  
IN EVERY CORNER,

*anticipating a  
new arrival.*

# HELLO!

*We hope this letter finds you well.*

We want to express our deepest admiration for your courage and strength during this journey you are on. We want to thank you for taking the time to read our profile book while getting to know a little about us.

**First and foremost, we want you to know that your decision to explore adoption is incredibly brave and selfless. While we cannot fully understand all that you are feeling right now, we want to assure you that your child would be surrounded by love, stability, and every opportunity for a bright future in our family.**

Enclosed in this book are some photos of our family and home, so you can see where your child would grow up and the siblings that they would gain. We would love nothing more than to welcome your child into our loving home.

Thank you again for considering us as potential adoptive parents for your child. No matter what you decide, I wish you peace and strength in the days ahead.

**With heartfelt gratitude,**

*David and Deborah*

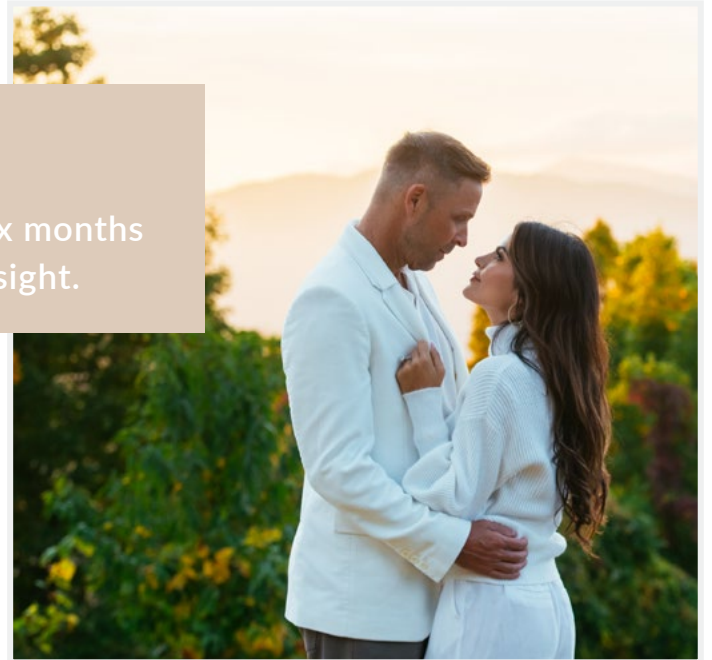

# OUR STORY

*our life together*

## *Dating*

We met in January 2020 and married six months later. It's safe to say it was love at first sight.

## *Wedding*

We tied the knot with our closest family and friends at our home on August 8th, 2020; our wedding was everything we could have dreamed of!

## *Life together*

Our love language is spending quality time together and marking destinations off our bucket lists! Our most recent trip was here, in Italy. We have a wonderful blended family and are very excited to add to our crew! We can't wait to see where life takes us and are looking forward to sharing those adventures with a new little one!

We believe that our current family of six is missing  
*our lucky number seven!*

# WHY ADOPTION?

We both have older children from previous marriages and believe that adoption is the perfect route for our family, as we want nothing more than to raise a child together from infancy. We tried IVF and were unsuccessful, but ultimately, we are grateful for the challenges we went through because they led us to what we feel is our true purpose: adoption. We are both extremely family-focused and have no interest in being empty nesters anytime soon. We would love nothing more than to love, cherish, and raise your sweet baby.

# MEET DAVID

David is the epitome of a family man. He strives every day to work hard and ensure his children and wife are his number one priority. He is a self-made, successful entrepreneur who delights in giving others opportunities while creating a top-leading company for his industry. No matter how long the workday may feel, David is sure to never miss our nightly family dinners around the table, kids' sporting events, or important moments for his wife.

***"David is an incredible role model to many individuals, especially our kids, not only for his drive but, more importantly, for his kind and gentle-loving spirit. He is an amazing dad and I can't wait to see him with another little one!"***

*Deborah*

# MEET DEBORAH

Deborah is the type of woman that everyone knows is a mother; not just because she's always talking about her children, but because she has the most evident loving, nurturing spirit. Her top priority is always her family. She is loving, patient, and kind. Deborah recognizes the importance of showing up for her children. From sporting events, scholastic events, and her children's work-related events, she is always there supporting them with a smile and the biggest hug afterwards.

*"Deborah always makes time for fun-filled family nights where she often finds herself with her family gathered around the table for a home cooked meal followed by family game night. Deb makes sure all her children know the importance of love, kindness, and... fun!"*

# Meet our kiddos

Our children line up from Storm (19), Hudson (18), Branson (15), Channing (12), and to a baby hopefully soon!

## STORM

Storm is our oldest son. He loves being the big brother and has always nurtured and protected his siblings. He is currently in school, pioneering his way in the upper north, gaining his degree. He is supportive of our adoption journey and very excited to have a new little one in our family!

## HUDSON

Hudson is our middle child who is very endearing and loving to his brothers and sister. While college was not for him, he chose to go straight into the workforce and lives very close by. He is looking forward to visiting the house and getting to spend time with and love on a new baby brother or sister.

## BRANSON

Branson is the youngest of our boys – for now! Just entering high school, Branson is academically inclined and plays for his school's golf team. He loves to game and play sports with his family. He's happy and ready for a younger sibling to play with!

## CHANNING

Channing is the baby of our family! She is so excited about being promoted to big sister! Channing is creative, fun, and extremely nurturing. She plays volleyball and softball for her middle school teams and is always willing to give momma a helping hand! She can't wait to have a baby in the house!

# OUR HOME *sweet home*

We live in a modern, Mediterranean-style home on the lake in a very safe, quiet neighborhood. The design of our home is heavily focused on family gathering places, fun areas to play, and ample things to do. Though we love to travel, our home is our oasis, which makes it hard to leave. We have 7 bedrooms, 10 bathrooms, a bowling alley, a theater room, a golf simulator room, arts & crafts space, and a garden. It is large but it still feels very warm, cozy, and like home for all of us. **One fun fact is your baby would have their grandparents as next-door neighbors!**

*We love making memories within the walls of our home.*

# OUR COMMUNITY

*The community we live in is the perfect environment to raise a child in.*

We live in a charming, safe mountain town in the Blue Ridge Mountains. Our current children have grown up here and have been very thankful for the benefits of a small town, such as close relationships and accessibility, while also having quick access to larger cities which we frequent often to watch our favorite athletics and make memories as a family!

Everyone in our community feels like a neighbor. Where we live, your child will be able to play outside comfortably and life is a little slower! We thankfully have one of the top public school systems in the state with great academic and athletic programs. Our family is very involved in the school system, as it is one of our favorite ways to give back to our community.

# OUR PUPS

## Meet Benny and June!

Our two fur babies have been a part of our family for a little over four years now. They bring us so much love, laughter, and fun daily. They are incredible with all children, neighbors, and family. We have no doubt that both Benny and June will be extremely gentle and fun with your baby.
