Our life is like an open book—feel free to take a look inside! We're thrilled about our decision to adopt and deeply cherish the life we've built together. The Bolkos

Our Story

We're Richard and Millie from Florida. We like to think of ourselves as loving, compassionate, and responsible individuals. And if our friends and family are being honest with us, we're not too far from the truth!

We first crossed paths at the gym and, while it might sound cliché, we've been inseparable ever since. We tied the knot in 2002, and our journey has included building a wonderful home filled with love, welcoming two amazing children, and now, we're ready to expand our family through adoption. After facing many challenges with fertility and loss we're excited about the opportunity to adopt. Our youngest son was born premature & in that pregnancy many health issues arised so doctors discouraged us from having more children.

We're beyond excited to welcome a new child into our family! From the very start of our discussions about expanding our family, adoption has always been a key consideration for us. Millie's childhood friends were both adopted, demonstrating that adoption is a beautiful way to create a family filled with love and support.

We believe that everything happens for a reason. Adoption has always been part of our conversation, and after facing hurdles with fertility treatments, we genuinely feel that we are destined to build our family through adoption.

MEET US

Love story and challenges with infertility

We have been married for 22 years. We first bumped into each other at the gym and we said “I do” in 2002, when our adventure together has been nothing short of amazing—building a cozy home filled with love and welcoming two incredible kids. Now, we’re gearing up for the next exciting chapter: adoption! After navigating some ups and downs with fertility and facing a miscarriage, we’re more than ready to open our hearts and grow our family.

We both enjoy traveling and spending time with o families.

MEET US

We believe that everything happens for a reason. Millie started to experience menopause at the age of 38 years old and at one point we had a surrogate because she can't ovulate however that did not go through and broke our hearts. We experienced challenges with fertility and loss and was advised by doctors not to have another child because our son was born very early. Adoption has always been part of our conversation, and after facing hurdles with fertility treatments, we genuinely feel that we are destined to build our family through adoption.

We hope that by sharing our lives with you, you can envision a loving home for your child—one filled with laughter, warmth, and the promise of a bright future. We are committed to nurturing your child's dreams and ensuring they grow up in a supportive environment where they can thrive.

Family is the heart of our lives. We emphasize love, respect, and open communication in our home. We believe that a happy family is built on trust and shared experiences. Every day, we strive to create an environment where our children feel safe to express themselves, share their dreams, and ask questions.

We live in a spacious and inviting 5-bedroom home, filled with laughter and love. Our home is a safe haven where creativity flourishes and imaginations run wild. The backyard is perfect for family gatherings, barbecues, and outdoor games. We have a large play area where our children can enjoy their hobbies and create wonderful memories.

In our family, birthdays are celebrated with great enthusiasm! We believe that each child's birthday is a unique celebration of their life, and we make it a special occasion. The day begins with a favorite breakfast prepared together, often featuring pancakes, fruit, and a special treat. We decorate the house with colorful balloons and streamers, transforming it into a festive space.

The birthday child chooses their activities for the day whether it's a fun outing to an amusement park, a cozy movie marathon at home, or a picnic in the park. In the evening, we gather for a family dinner, followed by cake and gifts. We encourage everyone to share their favorite memories of the birthday child, creating a sense of warmth and connection. Each year, we look forward to creating new memories together.

Love creating memories

Our family's faith in God is a cornerstone of our lives and guides us in everything we do. Our faith instills in us the values of compassion, kindness, and unconditional love, which we strive to embody as we nurture our children. We attend church regularly, where we find community, support, and inspiration, and we look forward to sharing this vibrant faith with your child.
