

DAMON & RENE

ABOUT US

Rene was raised on the West Coast of Florida. She was always active in dance, church and traveling with her parents. Rene went to College in Central Florida where she was active in her sorority and worked for them a year after college traveling the country to visit other college campuses.

Currently, Rene works in Medical Sales. She spends her free time traveling the world, cooking and hosting her friends and family. Rene has wanted to be a mother since she was a child. She is looking forward to caring, loving and raising a child in an environment a child can thrive in.

Damon was raised in Central Florida. He grew up playing soccer, traveling with his family to South Carolina and playing in the neighborhood with friends. Damon went to college and received his degree in Engineering following in his father's footsteps. He currently works as a project manager for a construction company he has been with for over 10 years. In his free time Damon enjoys running, traveling and playing with his nieces and nephews. Damon looks forward to being a positive influence in his child's life by loving, encouraging and supporting all their needs.

Our Support System

Dear Birth Mother

Thank you for considering us to raise your child. We want to assure you your child will be surrounded by immense support. From our parents to our siblings, your child will be loved and cherished. Our family is so excited for the opportunity to share in the joys of raising our child, daily they ask about opportunities. We are so thankful for their love and support along this journey to parenthood.

Our Family Members Parents

Our parents have been married over 52 years. They show us how hard work and love can build a beautiful life.

Siblings

We have 3 older brothers and 2 sisters. They have exemplified what a great parent acts like and guided us throughout our lives.

Friends

Our friends are our chosen family. We cherish the time and love they pour into our lives.

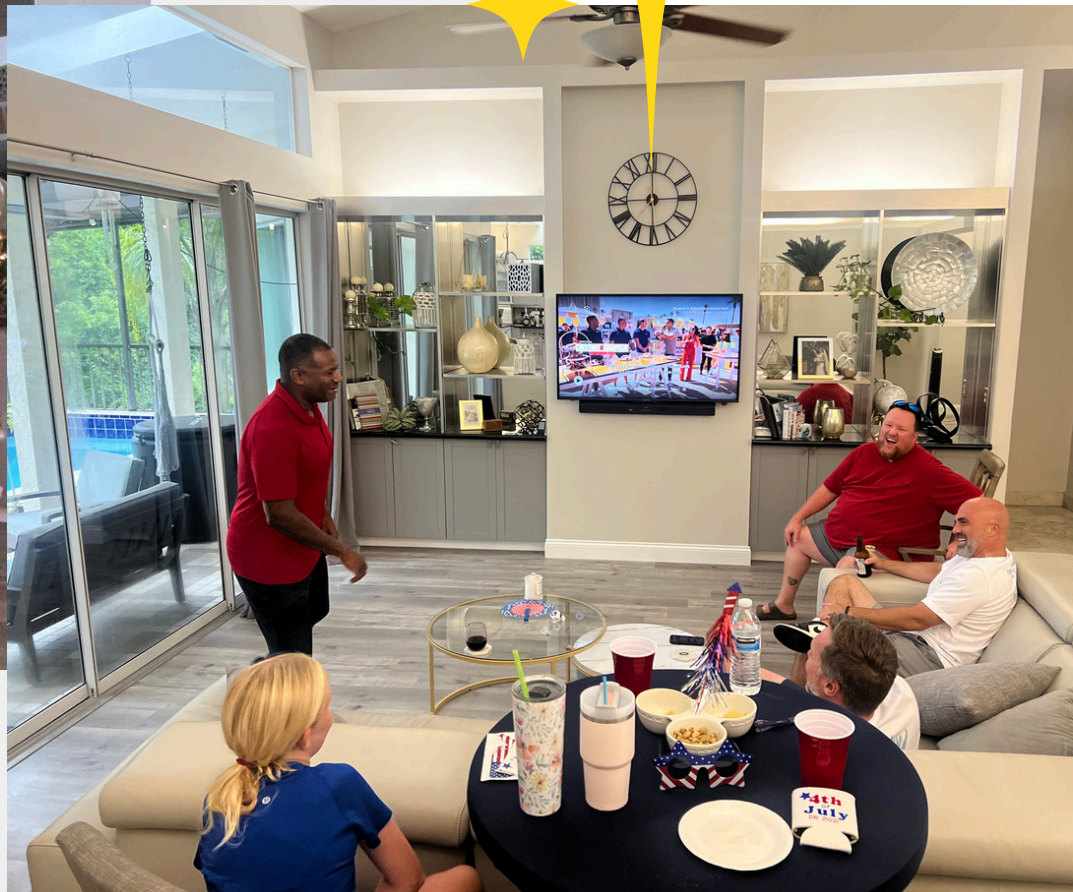

WHY ARE WE ADOPTING?

Since the day we met in 2017, we shared our desires to be parents. After marrying in 2021, we started trying to have a family. In 2022 we started the IVF process. We tried for 2 years with no success of pregnancy. We knew our next preferred choice was adoption, because adoption allows couples to share their life with a child and enjoy the unique experience of parenthood. Adoption builds rewarding, meaningful relationships between adoptive families and birth parents.

OUR HOME & KITTIES

We purchased our home in 2019 and are in love with it. We currently are parents to two sweet boy cats. We host all the holidays for our family and love having a 4th of July party

Our Promise...

As parents, we will be devoted to offering your child protection, a high-quality education, opportunities to explore their interests and talents, and guidance that helps them build confidence, kindness, and resilience. They will be raised in an environment where they are listened to, protected, and loved unconditionally. We have a local support system of family and friends ready to love, support and encourage a beautiful life for your child.

Our promise to you most importantly is, they will always be honored for where they came from. Your role in their life—your love, your sacrifice, and your bravery—will forever be respected and held with gratitude. Your decision has given them a beautiful beginning, and a future filled all their desires and wishes.
