

KIM & CHASE

Nice to Meet you!

Thank you so much for taking the time to get to know us. We have so much love to give and share with you. We are here to answer any questions you might have.

WHY ADOPTION?

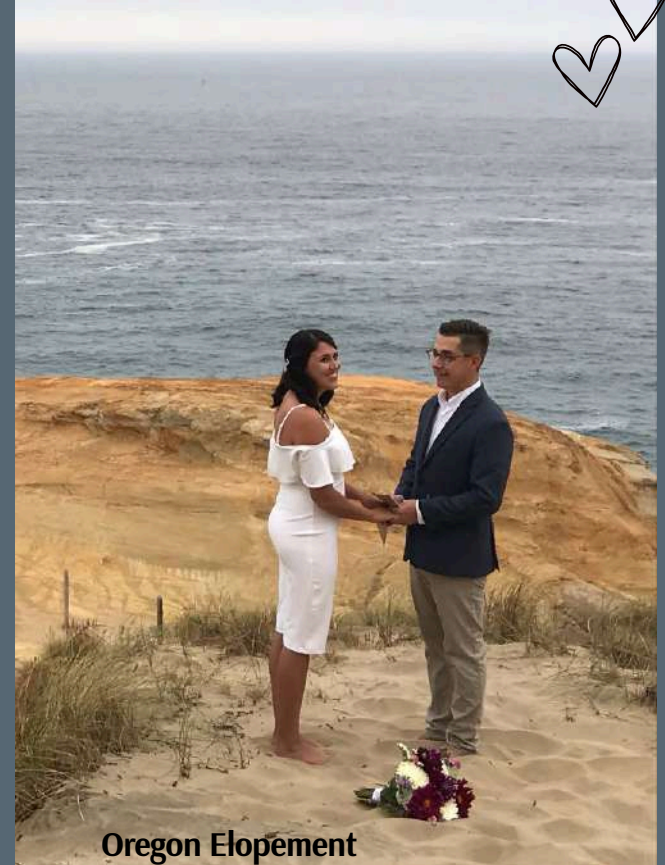

Kim was adopted from South America as an infant. She has always appreciated the opportunities her parents were able to provide to her and has dreamed of growing her own family through adoption. Thankfully, Chase shares the same views and excitement towards adoption!

We met 6 years ago on a dating app.

Oregon Elopement

We're thankful to have 'swiped' on each other in 2019 because we eloped in Oregon, Fall of 2020. Our relationship moved fast since our first date with a fixer-upper as our first home, adopting two cats and then two dogs. We've managed to create an adventurous and loving household. In 2021, we achieved a major milestone by purchasing our forever home. We cannot wait to grow our family here and make lasting memories.

Get to Know Chase

Chase is a funny, dorky soul with a big heart and an even bigger ambition. He leads a team as a Project Manager, but would rather be fishing full time. **I know and love his kindness and caring nature**, he always goes out of his way to lift others up. If he's not out bass fishing on the river, you'll find him loving on the dogs.

Get to Know Kim ✨ ✨ ✨

Kim is a Financial Advisor, she is caring, values loyalty, trust, and always stands by her friends and family. I love her willingness to help and thoughtful advice, she is someone you can always count on. I know she will be an incredible mother and I'm positive she will raise a child who will see her as a source of unconditional love and support. If she's not playing volleyball, she's planning our next trip.

THE ANIMAL KINGDOM

Our pets are not just animals we care for—they are members of our family, each with their own quirky personality. Linda is the oldest of the bunch, she is a classic scaredy cat with a lot of love to give & the loudest purr. Karl is very outgoing, he loves to greet new people. Willow is our stubborn girl, loves time on the boat and will play 24/7. Maple is our snuggle bug with the best nose on the block, will eat anything offered to her.

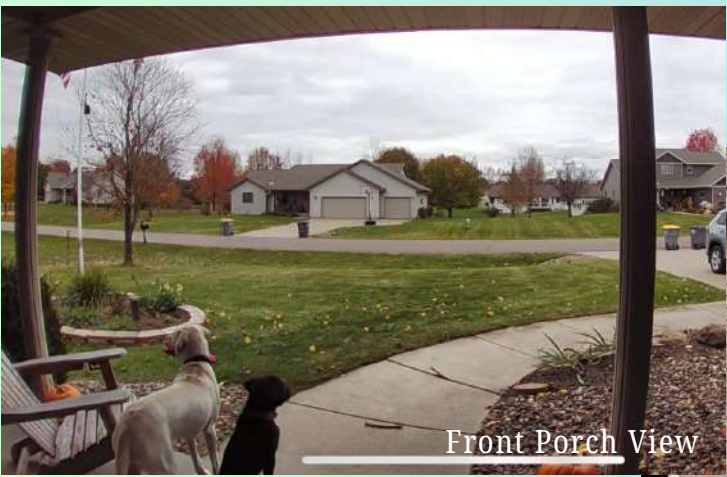

WELCOME TO *Wisconsin*

We live in a young neighborhood; we can walk to many parks with playgrounds and sports fields. Our home has four bedrooms, with a giant backyard. We enjoy all four seasons WI has to offer, and every spring we plant a vegetable garden.

The Mississippi River is a short drive away and a favorite summer escape. Our home in the 'Driftless Area' provides tons of hiking and biking trails. Wisconsin summers are beautiful, we just bought a lake lot up north that we plan to build a family cabin on.

We can't wait to fill our home with the joy, playfulness, and curiosity of children. The dogs will love a new best friend to play with!

The People We Love

We are lucky to have a lot of support from our family and friends. We cannot wait to share the lessons and experiences we've learned from them with our future family.

Kim's Brother and Parents

Kim and her older brother, Nick, were both adopted from Paraguay, South America as infants and grew up in Wisconsin. Kim has dreamed of adopting as long as she can remember.

Chase is the oldest of three siblings and grew up in Wisconsin. His family loves to go fishing and hunting together. He has one nephew who is 7 years old and loves science experiments.

We know that a family is shaped by shared love, commitment, and care. And we can't wait to welcome a new child into our family.

We love to visit regularly, especially to celebrate birthdays and holidays together.

From Iceland to Italy or Washington to Florida, we love to travel across the world. We found that food tours are a delicious and fun way to learn about different cultures and history.

Traveling with kids is an exciting opportunity to create lasting memories and teach them about different cultures.

When we're not traveling, you'll usually find us fishing in our boat on the Mississippi or going to the local farmer's market. We also love attending sporting events, taking the dogs swimming, or searching for the best scoop of ice cream.

We want you to know How Much YOU Mean To Us

We want to express our deepest gratitude for considering our family. We understand that this is an incredibly personal and difficult decision, and we are truly touched by your trust in us.

Please know that we are committed to providing your child with a life filled with love, safety, and happiness. We promise to always protect them, nurture their growth, and give them a warm, supportive environment where they can thrive. They will always know how much you cared for them.

Thank you from the bottom of our hearts for giving us this incredible opportunity. We are forever grateful for your consideration and the love you've already shown your child.
