

Victoria & Tyler

Hello!

WE'RE
VICTORIA AND
TYLER FROM
COLUMBUS,
OHIO

Plus our dog Birdie!

First, thank you for taking the time to open this book and learn a little about us. We cannot imagine the weight of the decision you are facing right now, and we want you to know that we already admire your strength, courage, and deep love for your child. As you look through these pages, our hope is that you see not just pictures and words, but the love, laughter, and life we can't wait to share with a little one.

We want you to know that we will always honor your role in their story. Your bravery will never be forgotten and will always be spoken about with gratitude and respect. We are so excited to grow our family through adoption, and if we are chosen, we will be welcoming not just a child into our hearts, but the beginning of a story that forever connects us to you.

Please know that wherever your journey takes you, you have our deepest respects and our prayers for peace, strength, and clarity.

WITH LOVE

Our Story

WE SHARE A
DEEP LOVE
FOR FAMILY,
TRADITIONS,
AND CREATING
A HOME FILLED
WITH WARMTH

We met online in 2018 and quickly realized we had something special. From the start, our connection was easy; built on laughter, shared values, and the comfort of feeling at home with each other. Both of us are very family-oriented, so it didn't take long to see how much we shared in our love for family traditions, spending time with loved ones, and creating a home filled with warmth.

Our relationship has grown through the things we love most: caring for our sweet dog Birdie, traveling and exploring new places, and finding joy in everyday life. And if you ask Tyler, he'll tell you he fell in love the moment Victoria baked for him, cookies really can seal the deal.

Today, we are thankful for a love that continues to grow and steady us, and we are so excited to share that love with a child.

Adoption feels like the path we were always meant to walk.

Our journey to parenthood has not been easy. After years of infertility struggles, we experienced two heartbreaking losses, including our son at almost 20 weeks gestation due to a pregnancy complication. These losses changed us deeply, growing our love, resilience, and perspective. We have been told that pregnancy may no longer be possible for Victoria.

Through all of this, our desire to become parents has only grown stronger. Adoption feels like the path we were always meant to walk, a way to grow our family while honoring the children we have lost. We believe adoption is not a “second best”, but a beautiful and intentional way of building the family we have always dreamed of.

A SNAPSHOT OF

Our Lives

*We love exploring,
trying new things, and
making memories
wherever we go.*

From weekend trips to visit family, beach days where Tyler would prefer to be golfing, sporting events cheering for opposite teams, or hiking a mountain at sunrise, we are always looking for new experiences to share. Some of our favorite adventures are the simple moments – spontaneous ice cream trips, taking our pup to the pet store for a new toy, cooking, or baking something new.

Tailgating at an Ohio State game

We can't wait to share these adventures with our child. Whether it's splashing in puddles, learning to ride a bike, camping, or traveling to new places, we hope every day is filled with curiosity, fun, and laughter.

The part of our life we are most excited to share with a child is the love, stability, and joy we've built together. We can't wait to include them in our traditions, celebrate milestones, and create new memories as a family. From everyday routines like walks and bedtime stories to holidays, trips, and simple time at home, we are so excited to experience it all together.

HI THERE! I'M A
NURTURER AND
CAREGIVER AT
HEART

My greatest dream is to be a mom and walk beside a child as they discover the world.

I began my career as a bedside nurse, inspired by my mom, and today I'm a nurse manager who loves what I do. Caring for others and supporting people through both challenges and victories is incredibly meaningful to me. Family has always been at the center of my life. I cherish our traditions, staying close with my extended family, and being an aunt to my nieces and nephews. Watching them grow and explore the world has been one of my greatest joys. For as long as I can remember, I've dreamed of being a mom, and I can't wait to share traditions, everyday laughter, and unconditional love with a child who will know just how cherished they are.

Tyler Says

Victoria is one of the most compassionate people I know. She cares deeply for others and makes everyone around her feel supported. I love watching her with our nieces and nephews, her heart just keeps growing.

I feel lucky every day, and I know she will be an incredible mother.

I love finance and analyzing and I put those skills to use every day as an Inventory Planner. Before my current career, I had the incredible opportunity to play professional golf on a PGA-affiliated tour, and while I don't compete professionally anymore, I still love hitting the course for fun with family and friends. I thrive in competitive atmospheres, whether it's on the golf course or cheering on any kind of sporting event. Over the years, I have grown to deeply appreciate the joy of family and the traditions that make it special. Like my wife, I love spending time with our nieces and nephews and seeing the excitement, curiosity, and laughter that children bring into every gathering. I can't wait to share that same love, fun, and guidance with our children someday.

WELCOME TO

Our Home

We live in a welcoming small town just outside of Columbus, Ohio, where quiet streets, open spaces, and a strong sense of community create a feeling of comfort and connection.

Dining room big enough for all family to enjoy a meal

What makes this place especially meaningful to us is that Victoria grew up here, and we're now building our life in a town already filled with so many memories, familiar faces, and deep roots. Many of our closest family members and lifelong friends live just minutes away, which makes everyday life feel supported and full.

Our home is warm, cozy, and the heart of our life together. The kitchen and living room are where we spend most of our time, sharing meals, catching up on our days, playing games, or relaxing with a movie. We love hosting family dinners, holiday gatherings, and spontaneous get-togethers. In the warmer months, we enjoy walks on nearby trails, trips to the Town Square or local ice cream shop, and evenings outside grilling or sitting by the fire.

Our community is close-knit and family-oriented, with traditions we look forward to each year and neighbors who truly care. We feel so grateful to call this home, a safe, loving place where a child will be surrounded by support, connection, and family close by.

MEET BIRDIE

Our dog, Birdie, is as sweet as her name. She's gentle, loving, and always ready to greet guests with a wagging tail. She adores her two-legged cousins and is so patient with them. We know she'll be a loyal, cuddly companion for a child. We even celebrate her each year with a Halloween-themed birthday party.

Our Family

Family is at the heart of who we are, and we feel incredibly blessed to be surrounded by a strong, loving, and supportive system.

Victoria's family has deep roots in our small town, where connection and togetherness have been built over generations. Time together is simply part of who they are; her parents, siblings, cousins, and extended family always find reasons to gather, whether it's weekly dinners, birthdays, or game nights. Her family's presence is steady, and they are so excited to welcome a child into the family.

Tyler's family is equally loving and supportive, with a strong sense of connection. He grew up in Florida with parents who were devoted, caring, and deeply involved in his life. One of the highlights each year is a family vacation with siblings and nieces and nephews, filled with laughter, quality time, and lasting memories.

AND OUR FRIENDS

We are incredibly grateful for our friends, who truly feel like family. They are a steady, joyful presence in our lives, the people we celebrate with, lean on, and share everyday moments with.

Whether it's date nights, concerts, trips, or simple evenings together, they bring laughter, encouragement, and fun into our lives. They've been part of our journey and are excited for what's ahead. We know our child will be surrounded by people who will show up, cheer them on, and help create a life full of love and connection.

Cuddle time with Aunt Victoria

Being Aunt and Uncle is one of the best parts of our lives. We're the ones sneaking extra treats, cheering the loudest, and making each child feel special. Some of Victoria's favorite memories are of time spent with her cousins, playing outside and waiting for the school bus together, while Tyler always dreamed of a big family.

They've shown us the joy of seeing the world through a child's eyes, and it makes us even more excited for parenthood. We can't wait for our child to grow up surrounded by cousins and for us to pour that same love, fun, and encouragement into our own family.
