You may not
have our eyes,
but you will always
have our hearts.

Aloha!

IT'S SO NICE TO "MEET" YOU!

We're thrilled at the chance to adopt and bring a baby into our home to love and nurture, helping them grow into a kind, confident person. Living in Hawaii, we fill our days with beach adventures, hiking lush rainforests, and exploring new islands. We can't wait to share these moments with a child—showing them the world's beauty and joy in every experience.

We don't know exactly what you're facing right now, but please know we're here with open hearts and respect for your journey. Thank you for taking the time to read our profile and consider us.

We'd be honored to give your baby a life filled with aloha, adventure, and endless love.

Chad and Dayna

Our Story

WE MET IN JANUARY 2020, JUST AS THE WORLD WAS ABOUT TO CHANGE.

When COVID hit, we were fortunate to live nearby and slip into each other's quarantine bubbles, turning isolation into connection. As essential workers, Dayna on the front lines in a hospital and Chad serving in the military, we leaned on one another through long, uncertain days, sharing home-cooked meals and quiet laughter to keep our spirits high. It didn't take long to realize we were meant for each other; our connection felt effortless and sure.

Two years later, on a sunlit California beach, we exchanged vows surrounded by loved ones. Since then, we've traveled the world together, always dreaming of the day we'd share these experiences with a child.

ADOPTION FEELS LIKE THE PATH GOD HAS PLACED
BEFORE US, ONE FILLED WITH LOVE AND PURPOSE.

Why Adoption?

Dayna has long dreamed of becoming a mom, picturing the small joys of raising a child and watching them grow. When she learned that having a biological child might not be possible, her hope never dimmed because adoption has always been close to both our hearts. We each have family members who were adopted, showing us the beauty of chosen family. When Dayna first mentioned adoption, Chad immediately felt it was right.

**We both believe God has guided us to this journey and
we're deeply grateful and ready for it.**

Meet Dayna told by Chad

DAYNA LEADS WITH EMPATHY, LAUGHTER, *and* A HEART THAT MAKES EVERYONE FEEL AT HOME.

Dayna is a deeply compassionate person, both in her work and in life. As a psychologist, she owns a virtual therapy private practice that she operates part-time from home. Her work gives her both career fulfillment and flexibility in her schedule to balance her work and personal life. Her empathy and patience allow her to work with people in meaningful ways, and her career reflects her lifelong desire to make a positive difference in the world.

Beyond her professional life, Dayna is warm, funny, and full of light. Her quick wit and steady calm make her the person everyone turns to for comfort and encouragement. Whether she's cooking, crafting, or simply listening, she has a way of making people feel seen and loved. **Those same qualities, patience, humor, and an open heart, will make her a wonderful mother.**

Meet Chad

told by Dayna

CHAD IS THOUGHTFUL, GROUNDED, *and* HAS A PASSION FOR HELPING OTHERS.

Chad shows love in every way, through kind words, helpful actions, special surprises, and endless hugs. He's open-hearted, humble, and always puts "us" first. His background as both an EMT and a Navy electrician means he's calm under pressure, handy with repairs, and quick to jump in when someone needs help. Chad is a naval officer who works flexible hours, and plans to retire from the military and continue to build a life in retirement in Hawaii.

He's a great listener, a patient teacher, and always eager to learn something new. Whether he's cooking dinner, fixing a project, or making everyone laugh, Chad brings warmth and steadiness to our home. **With his kind heart, strong values, and calm presence, he'll be a devoted, hands-on dad ready to guide a child with love and laughter.**

Home Sweet Home

OUR HOME IS A PEACEFUL, SUNLIT HAVEN STEPS FROM THE OCEAN.

We live in our dream home in Hawaii, a bright, open three-bedroom space filled with light and laughter. Large windows offer panoramic ocean views, and it's just a short walk to the beach. It's a place where we cook together, host friends, and unwind to the sound of waves outside. Dayna works part-time from her sea-facing home office surrounded by books and plants, while Chad's Navy station keeps us rooted here for years to come. **Our home is both calm and full of life.**

We love where we live!

We love the sense of community in Hawaii. Our neighborhood is filled with families who gather for beach barbecues, hikes, and sunset walks. Many of our closest friends live nearby, and we enjoy game nights, church gatherings, and weekends exploring the islands together. The local culture values kindness, family, connection, and is a community where everyone looks out for one another. As the most racially diverse state in the nation, Hawaii has a strong focus on supporting its residents in honoring their culture. Our community blends Native Hawaiian traditions with global cultures that fosters a welcoming space where an adopted child can proudly explore and celebrate their unique heritage.

Our Favorite Things

Chad loves: DIY projects and yard work • Learning how things work • Working on cars • Walks with the dogs

Dayna loves: Cooking and baking • Yoga • Arts and crafts • Reading

Together we love: Beach days and hiking • Escape rooms and board games • Movie nights at home • Traveling • Paddle boarding and boogie boarding

Our Family Ranch

Every year, we meet up at our family ranch in Medicine Bow, Wyoming. Chad's grandfather bought the 375-acre ranch over sixty years ago. It's hidden away, super quiet, and is surrounded by national forest land. We ride horses, zoom on ATVs, hike to cool waterfalls, and tell spooky ghost stories while eating s'mores by the campfire. We spend our nights gazing up at the stars, where you can see the milky way on moonless nights. It truly is a special place!

Extended Family

FAMILY MEANS EVERYTHING TO US.

Our families are spread across Colorado and Northern California, and we visit often. Each year, we meet up with his family for a week of memories. Those trips remind us of the love that grounds us and the traditions we'll pass along to a child.

We're also overjoyed that Dayna's parents are moving to Hawaii next year. They're already counting down the days to become hands-on grandparents, ready for snuggles, songs, and backyard barbecues with their new grandbaby.

Friends

OUR FRIENDS ARE OUR CHOSEN FAMILY, JOYFUL, LOYAL, AND FULL OF HEART.

Our circle of friends is vibrant and close-knit. We love game nights that end in laughter, dinner parties where recipes are swapped like secrets, and weekends paddling through turquoise bays. Many of our friends are starting families, and we're excited to raise our child alongside them.

Just down the street, our dear neighbors who also adopted have become mentors and friends, offering advice and support. Your baby would grow up surrounded by playmates, role models, and a loving community that feels like family from day one.

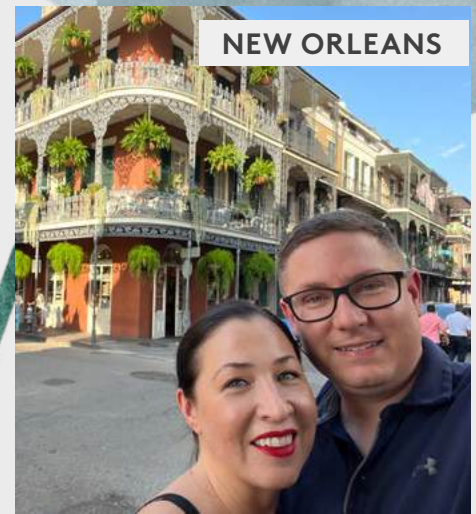

Our friends bring so much joy to our lives!

Our Adventures

**EXPLORING THE WORLD HAS SHAPED WHO WE ARE,
AND WE CAN'T WAIT TO SHARE IT.**

Between the two of us, we've visited more than 30 countries across five continents, from Egypt's bustling markets to Scotland's rolling hills, Tokyo's bright streets to Australia's rugged trails. Travel isn't just a passion, it's a way of seeing the world through wonder and gratitude.

We dream of sharing these adventures with a child, turning flights into storytimes and sunsets into family traditions. **Whether it's hiking local trails or exploring new cultures, we hope to raise a child curious about the world and connected to its beauty.**

Our Promises

**Before we go, we want to leave you
with a few promises:**

We promise to love them unconditionally and give them a safe, joyful home.
