MORE ABOUT *Us*

Christmas is one of our favorite times of the year and a season our family looks forward to all year long. We love baking family recipes, decorating the house, listening to Christmas music, and creating special memories together. One of our favorite traditions is decorating the Christmas trees throughout our home. Every room has its own tree, and the children love helping bring each one to life with ornaments, lights, and their own special touches. We look forward to sharing these traditions with another child and watching them experience the excitement, wonder, and joy that make the holiday season so special in our family.

Family is at the heart of everything we do. Some of our favorite moments are the simple everyday ones, movie nights on the couch, cheering each other on at sports and dance events, cooking dinner together, and laughing our way through busy days. We look forward to welcoming another child into these special moments and creating a home where they feel loved, supported, and celebrated for exactly who they are. Our greatest joy is being together, and we can't wait to share that love with another child.

The beach has always been a special place for us. Both Alex and I grew up just minutes from the ocean, and many of our favorite childhood memories were made there. Today, we love spending family days building sandcastles, splashing in the waves, searching for seashells, and enjoying time together by the water. We look forward to sharing these adventures with another child and creating new memories as a family, whether it's a beach day, a family vacation, or simply enjoying life's little moments together.

We are a huge Disney family and love everything about the magic, excitement, and joy that comes with it. Some of our favorite memories have been made walking through the parks together, riding rides with our girls, and ending the night watching fireworks as a family. We cannot wait to share those same special moments with another child, creating new memories together and watching them experience the wonder and excitement through their own eyes as part of our family.

WHAT LED US TO ADOPTION

Adoption has been on our hearts for many years and is something we talked about long before we ever began this journey. As our family grew, so did our desire to welcome another child into our lives. Our dream of growing our family and sharing our love with another child has never changed.

When we think about adoption, we don't just think about adding to our family, we think about the incredible person who makes it possible. We know every adoption story begins with an expectant parent who loves their child deeply, and we have so much respect for the strength, courage, and selflessness that takes.

We are incredibly grateful for the family we have built and excited about the possibility of sharing our lives, traditions, adventures, and everyday moments with another child. Our daughters are especially excited and often talk about the memories they hope to make, the milestones they hope to celebrate, and the love they are ready to share with a new sibling.

We know this journey is rooted in love, and we would be honored to be part of your child's story. If chosen, we promise to provide a home filled with encouragement, support, opportunity, and unconditional love, while always honoring the love that brought your child to us.

OUR HOME

Home is one of our favorite places to be. We chose this community because it is filled with families, children, and opportunities to make lifelong memories together. Our neighborhood has a warm, welcoming feel where kids are often outside riding bikes, playing with friends, and enjoying the many activities the community offers.

One of the things we love most about our neighborhood is how family-focused it is. We have our own neighborhood water park, playgrounds, and community spaces where children can play, explore, and build friendships. Throughout the year, the neighborhood hosts family events, holiday celebrations, and activities for children, creating endless opportunities for fun and connection. There is always something exciting happening and always a friend nearby. Our area is known for excellent schools, beautiful parks, and countless opportunities for children to learn, grow, and discover their interests. We are close to museums, sports programs, dance and music opportunities, nature trails, libraries, and many of the family attractions that make Central Florida such a special place to live. Whether it's a day at the playground, a community event, exploring a new adventure, or simply spending time together as a family, there is never a shortage of things to do.

Inside our home, you'll find a place filled with love, laughter, and togetherness. We treasure family dinners around the table, movie nights on the couch, holiday traditions, baking treats in the kitchen, and celebrating everyday moments together. More than anything, we want our home to be a place where a child feels safe, supported, encouraged, and unconditionally loved.

We cannot wait to welcome another child into our family and share all of the adventures, traditions, friendships, and special moments that make our home and community such a wonderful place to grow up. Every child deserves to feel loved, celebrated, and surrounded by people who are excited to watch them become exactly who they are meant to be

Family

Family is at the center of everything we do. We are blessed to have a large, loving extended family that plays an active role in our lives. Grandparents, aunts, uncles, cousins, and close family friends are always finding reasons to gather, celebrate milestones, support one another, and spend quality time together. Our children are surrounded by people who love them deeply and are invested in their lives.

One of the things we cherish most is the strong sense of connection within our family. Whether it's a simple weekend visit, a birthday celebration, a holiday gathering, or our annual family vacations, there is always laughter, encouragement, and support. Family is never far away, and we love the close relationships our children have with their grandparents, cousins, and extended family members.

Our entire family has been incredibly supportive of our adoption journey and is excitedly waiting to welcome another child into their lives. Grandparents can't wait for extra snuggles, cousins are excited for a new playmate, and our girls are already dreaming about all the memories they will make together. We know that any child who joins our family will be embraced, celebrated, and loved by a large circle of people who are eager to watch them grow and be a special part of their life from day one.

The best moments in life are the ones shared with family."

Traditions

Summer Camp with Grandma & Grandpa

- One of the traditions our family treasures most is the girls' annual summer adventure with Grandma and Grandpa. Each year, they spend special time with all of their cousins making memories, exploring new places, and enjoying fun activities together. It's a tradition filled with laughter, connection, and unforgettable experiences. We look forward to the day another child can be part of these special adventures—building relationships with cousins, creating cherished memories with grandparents, and feeling the love and excitement of being surrounded by family every step of the way

Annual Family Adventures

Every year, we take a family vacation together to explore new places and create lasting memories. Whether it's building sandcastles on the beach,

- discovering a new city, or returning to a favorite destination, we love experiencing adventures as a family. We look forward to sharing these trips with another child—watching them experience new places, creating special memories together, and becoming part of the traditions that bring our family so much joy. Some of our favorite moments happen while traveling, and we can't wait to welcome another child into those adventures and make them part of the memories we'll cherish for years to come.

Birthday Traditions

- Birthdays are a big deal in our family! We love celebrating each family member with their favorite dinner, a special dessert, and quality time together. One of our favorite traditions is letting each child help plan their special day, including choosing how they would like to celebrate with their friends. Whether it's a fun outing, a party, or a special activity, we love making them feel loved and celebrated. We look forward to welcoming another child into these traditions and creating birthday memories that are uniquely theirs. From blowing out candles and opening presents to celebrating milestones big and small, we want every child in our family to know how deeply loved, valued, and cherished they are.

Thank you

Thank you for taking the time to learn about our family. We know that looking through adoption profiles is not easy, and we can only imagine the love, courage, and strength it takes to consider an adoption plan for your child.

While we may not know your story, we want you to know that we respect you deeply. The love you have for your child shines through in every decision you make, and we hope you never forget how important and valued you are.

If you choose us to parent your child, we promise to love them unconditionally every single day. We promise to provide a safe, stable, and joyful home filled with laughter, encouragement, family traditions, and endless support. We promise to celebrate who they are, help them discover their unique gifts, and stand beside them through every stage of life.

Most importantly, we promise that your child will always know how loved they are by you. Your story will be honored, your decision will be respected, and your child will grow up knowing that this choice was made out of love. We will speak of you with kindness and gratitude and make sure your child understands how much you cared for them from the very beginning.

We cannot wait to welcome another child into our family and share with them all the love, adventures, traditions, and opportunities that life has to offer. We would be honored to be considered as part of your journey.

WITH LOVE, *Alex and Brooke*
